

CGI Advantage Academy

CGI Advantage Academy is the premier training solution for CGI Advantage. This comprehensive, scalable solution delivers training you can count on with a flexible, intuitive user experience.

Tailored to fit your needs

CGI Advantage Academy offers robust, on-demand training across the CGI Advantage platform, including Performance Budgeting, Human Resource Management, and Financial Management. Learners can take stand-alone courses or focus on a curriculum, allowing for a targeted training approach based on your organization and the needs of your workforce. Course content is regularly updated to reflect new government regulations and enhancements within CGI Advantage, so your organization will always have the latest training available, right at your fingertips!

Unmatched training for your organization

Developed by CGI subject matter experts with more than 20 years of CGI Advantage experience, the CGI Advantage Academy is a comprehensive, easy-to-use solution with learning tracks available for all CGI Advantage modules.

CGI Advantage Academy provides a unified approach to training for both clients and CGI members, resulting in better-prepared client project teams and learning opportunities for both seasoned and new CGI Advantage users. Furthermore, the breadth and depth of each curriculum allow clients to increase self-sufficiency when using and supporting the CGI Advantage solution.

With curriculums structured for continuous learning, new employees will ramp up quickly, and experienced users can ensure they are up-to-date on the latest and greatest features. Organizations and learners will benefit from:

- The only training solution for CGI Advantage built by government ERP experts
