Virtual Annual General Meeting of Shareholders Participant Guide

No matter where you are, or what device you use, you can easily access the virtual shareholder meeting.

You do not have to download or install anything to access your Annual General Meeting webcast.

Attending the Virtual Meeting

All shareholders and guests can attend and view the live webcast. Only registered shareholders and duly appointed proxyholders (including non-registered shareholders who have duly appointed themselves as proxyholders) will be able to ask questions and vote at the meeting.

Authentication

Login to the meeting 15 minutes beforehand:
https://www.icastpro.ca/q0jsqn

Enter the control number and password (CGI2024) provided on the proxy form or voting instruction form into the Shareholder login section.

If you are a duly appointed proxyholder enter the 4 letter code and password (CGI2024) provided by Computershare via email, into the Shareholder login section.

If you are a Guest, complete the Guest login information.

Follow the instructions to access the meeting.

CGI

1 Live technical support

If you have any technical difficulties, click on the Help button. A technician will answer you live in the language of your choice: French or English.

2 Submitting questions

During the meeting, use the Question box provided on your screen to submit your questions.

3 Downloading

To save the PDF presentation to your device click the Download button and select Open or Save As on your browser.

4 Voting

Once voting has opened, the "Welcome to the Votes!" window will appear. Click on the "Start" button to begin voting.

To vote, select one of the voting options and click "Vote".

A confirmation message will also appear to show your vote has been received and the number of resolutions for which you have voted is displayed below the screen.
