

# CGI Federal at a glance

Federal leaders face rapidly evolving mission requirements and a complex landscape. Trust CGI as an innovative, steadfast and agile partner, collaborating with you to deliver superior mission outcomes.

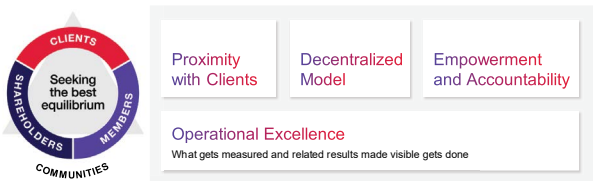

Our teams have deep roots in the federal government, bringing a diverse range of capabilities and experiences and a rich historical understanding of government missions. Backed by a global organization, we deliver practical solutions to support your agency's mission.

Our experts are based around the country, on or near our client sites. This proximity model enhances local economies while also ensuring we collaborate closely with our clients to achieve mission outcomes.

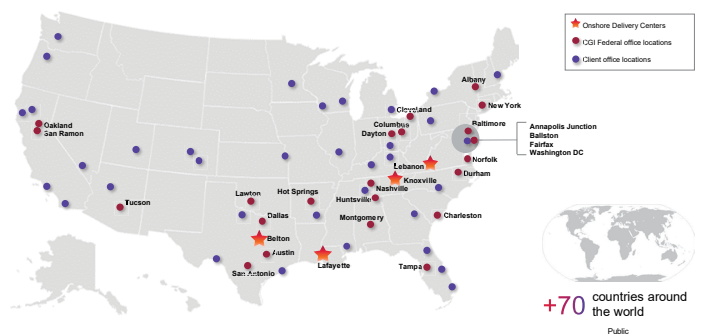

Our comprehensive suite of services and capabilities—including business consulting, systems integration, emerging technologies such as AI and advanced data analytics, cybersecurity, cloud solutions and intelligent automation—empowers agencies to optimize their operations, manage risks, and deliver superior mission outcomes.

## CGI Federal | Fundamental operating model

By integrating cutting-edge technologies with proven methodologies, CGI Federal ensures that our clients can confidently navigate their missions' complexities and achieve impactful, measurable results.

## CGI Federal | Geographical footprint

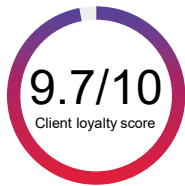

## We're not newcomers

Our 45+ year history serving federal customers gives us a unique vantage point from which to understand your challenges and move with agility to solve them. We operate at the intersection of bold thinking and disciplined execution to rapidly achieve uncommon outcomes on a massive scale.

Our experts are guided by our commitment to objectivity and integrity. Our goal is always to help you arrive at the optimal solution for your needs and implement it effectively. Some of our client relationships have endured for over four decades because our customers know us to be trustworthy, skilled and dependable.
